APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the
source. It is understood that the amount of water herein granted is
only a temporary allowance and that the final water right obtained
under this permit will be dependent upon the period of use and the
average number of cattle served from the waters of this source. The
State retains the right to regulate the use of the water herein
granted at any and all times but does not take responsibility for
the use of the Federal range.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
not to exceed 0.0156 cubic feet per second or sufficient water to
water 500 head of cattle

Actual construction work shall begin on or before April 25, 1969

Proof of commencement of work shall be filed before May 25, 1969

Work must be prosecuted with reasonable diligence and be completed on or before April 25, 1970

Proof of completion of work shall be filed before May 25, 1970

Application of water to beneficial use shall be made on or before April 25, 1971

Proof of the application of water to beneficial use shall be filed on or before May 25, 1971

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed JUNE 16, 1969

Completion of work filed JUNE 16, 1969

Proof of beneficial use filed JUN 21 1971
